Slide Science Charting Decision Tree

- Comparison
  - Static point in time
    - One variable → Single Column Chart
    - More variables → Multiple Column Chart
  - Changing over time
    - Few items → Grouped Column Chart
    - Many items → Multiple Line Chart
- Relationship
  - Two variables → Scattergam
  - Three variables → Bubble Chart
- Distribution
  - One variable → Single Line Chart
  - Two variables → Scattergam
- Composition
  - Static point in time
    - Simple → Stacked Column
    - Addition / Subtraction → Waterfall
  - Changing over time
    - Few periods → Stacked Column
    - Many periods → Stacked Area
